

First Colony Little League Challenger Division

serving individuals with physical and intellectual disabilities in our community

The Dream League

The Dream League is the Challenger Division of First Colony Little League (FCLL). A Challenger Division is an adaptive baseball program for individuals with physical and/or intellectual challenges. The Dream League accommodates players from the age of 6 to 17 and the Senior Dream League accommodates players ages 15 and up.

Established in the Fall of 2006 and launched in the Spring of 2007, the Dream League originated from one family's desire to share the game of baseball with individuals with disabilities. The FCLL Board of Directors along with several First Colony parents, FBISD and The Arc of Fort Bend County initiated this league to allow area boys and girls with physical and or intellectual disabilities the opportunity to enjoy the game of baseball. The Dream League expanded the program and added a Senior Dream League so their older players could continue in the sport.

The First Colony Dream League is officially part of Little League International's Challenger Division.

How we Play

The Dream League season coincides with the First Colony Little League Spring season. Games are played on Saturday mornings with the first teams playing at 9 a.m. and the second set of teams playing at 10:30 a.m. The games are two innings long. Each inning, each player gets a play in the field, bat and run the bases. Each player is celebrated. Games are fun, not competitive. Everyone wins!

There is no cost to players and their families thanks to our generous sponsors and donors! The Dream League provides each athlete with a team uniform, hat, belt and socks.

The Dream League wants parents to enjoy Dream League games just as much as their players! Parents/guardians come to the

Angels in the Outfield

Angels in the Outfield, known in Little League International as Challenger Buddies and "Day of Volunteers", are our players buddies. These volunteers are assigned to each player to assist in pushing wheelchairs, batting, base running and playing defense in the field. Angels make sure the players are safe at all times. Many times, a player's sibling or other relatives choose to be their player's Angel.
